

NYSERDA HEATING FUELS REPORT November 3, 2008

The Governor's Heat Smart NY Interagency Task Force - Rising energy costs may make this winter's heating bills much higher than in recent years. To prepare for this reality, Governor David A. Paterson called for the formation of an interagency taskforce, designed to bring together the agencies that provide the programs and services that families struggling to afford their home heating bills rely upon. By coordinating efforts, the agencies that make up the Governor's Heat Smart NY Interagency Task Force hope to simplify the process of finding assistance and unite resources under one direction and theme, Heat Smart NY.
